

Online Pinch Valve Configurators on www.pinch-valve.com

AKO Armaturen offers special Online Pinch Valve Configurators. With these configurators you can easily configure Pinch Valves according to your requirements.

Select the following components of your Pinch Valve, such like:

1. **Housing** material and diameter,
2. **Connection** material, type and diameter and
3. **Compound** quality and diameter of the inner sleeve.

In the next step you receive the result of your configured Pinch Valve.
